

September 6, 1960

Dear Sir:

Thank you so much for your reply to my letter, complaining about compensation for Francis Powers or Mrs. Powers as compared to the compensation given the RBH7 crew dependents. I quote from Life magazine of Sept. 5, 1960, "They (Francis Powers' father, mother, and sister) told him of the U.S. State Department's assurance that he faced no censure in this country for whatever disclosures he had made in court about the CIA, and that his salary would continue during his imprisonment."

So now what can I do to prevent any payments to this Powers? And can a private citizen get an injunction to stop payment? I don't want any my taxes going to pay a penny to Powers.

Thank you again for your reply.
